

AUBURN CAREER CENTER

AUBURN CAREER CENTER HAS BEEN KNOWN AS NORTHEAST OHIO'S CUTTING EDGE CAREER CENTER FOR MORE THAN 50 YEARS. AUBURN CAREER CENTER PROVIDES EXPERIENCED STAFF THAT TEACH STUDENTS THE LATEST SKILLS AND TRAINING.

SCOPE OF WORK

Air Force One partnered with Auburn Career Center to replace Rooftop Unit 1 & 2 with controls roofing and roofing for adjacent roof around the Rooftop Unit 3 & 4.

CHALLENGE

Auburn Career Center requested the project to be completed during the school break, when students and faculty were not on campus. Air Force One understood was pleased to provide a solution that would not interrupt the education of the school's student body.

SOLUTION

Air Force One worked quickly and ensured a thorough critical schedule to meet all equipment, material, design and labor needs. Acquisitions of permits and material started immediately, which ensured a deliverable time suitable to the client.

RESULT

The Project Manager communicated with Auburn Career Center and subcontractors weekly throughout the duration of the project to provide progress updates. Consistent communication provided an ideal outcome that met Auburn Career Center's schedule needs.
