

DO YOU HAVE AN AIR PURIFICATION PLAN?

AIR FORCE ONE CAN PROVIDE A SOLUTION THAT IS VERY AFFORDABLE & EXTREMELY EFFECTIVE!

THE TECHNOLOGY

- Creates advanced oxidation process
- Used for decades in healthcare to disinfect PPE
- Third party tested & verified to reduce micro-organisms, including SARS-CoV-2, by 99.9%
- Oxidizers in the air kill microbes at the source

FUNDING OPTIONS AVAILABLE

- Fund PHI installation inside a service agreement
 - Amortize the cost of PHI into the total price and make PM payments as normal
- Fund PHI through reduced operating costs
 - Installing PHI allows for reduced outdoor air flows which in turn provides considerable energy savings
 - In most cases, these savings pay for the cost of the equipment and installation in less than a year
 - The technology provides a significant ROI over the life of the equipment

WELCOME BACK BUILDING OCCUPANTS & MOVE FORWARD WITH CONFIDENCE

Dedicated to helping clients maximize indoor air quality and keep occupants safe. Our team understands the constraints all industries are facing and the importance of implementing workplace health and safety measures that are **backed by science, NOW**. With more than 35 years' experience, we have the capabilities and technical knowledge required to provide these services at your facility immediately.

Schedule a meeting with our team to discuss

- Implementation with no upfront costs and/or deferred payments
- Next steps to achieve improved indoor air quality
- Identifying best low/no cost options for CDC compliance
- Annual air quality testing and certification by independent 3rd party
