

WILMINGTON
CITY SCHOOLS

WILMINGTON CITY SCHOOLS

WILMINGTON CITY SCHOOLS IS COMPRISED OF THREE ELEMENTARY SCHOOLS, ONE MIDDLE SCHOOL, AND ONE HIGH SCHOOL. THEY STRIVE TO PROVIDE THE HIGHEST EDUCATION POSSIBLE FOR EACH AND EVERY STUDENT.

SCOPE OF WORK

Air Force One partnered with Wilmington City Schools to provide a full service agreement that covers the entire district of six buildings, which consists of three elementary buildings, one middle school, one high school and one board office. The service covers all labor and all movable maintainable parts.

CHALLENGE

The Wilmington City Schools district had a lot of aging equipment, pneumatic controls and years of lack of support that Air Force One had to navigate through.

SOLUTION

Air Force One spent one full week on-site during summer break to survey the entire district. Equipment that was never maintained by the current HVAC provider was discovered. The team revealed the pictures of the results due to lack of maintenance. Air Force One was able to provide a single source solution to handle the districts needs, all in-house, which include Water Treatment, BAS and HVAC full service support.

RESULT

Air Force One currently holds a three year agreement for full service, where monthly maintenance meetings were conducted with the Director of Business Operations and Facilities Manager. Additionally, Air Force One was awarded the PHI/UV project work due to the current relationship and excellent workmanship.

PROJECT NAME

Full Service Preventive Maintenance

PROJECT RELEVANCE

Preventive Maintenance
Multiple Locations

PROJECT BUDGET

\$187,000
